CLOS

BY LUIGI ROMANELLI

Clos integrates the digital and manual aspects into a single collection, accentuating craftsmanship in every format. Its pieces showcase a unique graphic, inspired by a limestone with elegant and delicate tones, making it an ideal choice for sophisticated and minimalist spaces.

True innovation lies in its modular feature, a canvas that encourages creating combinations through the arrangement of its pieces. Meticulously designed by the Italian architect Luigi Romanelli, this author's proposal aims to distance itself from the mechanical coldness of mass production and enhance authenticity in every detail.

Clos integra lo digital y lo manual en una sola colección para destacar la artesanía en cada formato. Sus piezas exhiben una gráfica única, inspirada en una piedra caliza de tonos elegantes y delicados, una opción idónea para espacios sofisticados y minimalistas.

La verdadera innovación radica en su característica modular, un lienzo que invita a crear combinaciones a través de la colocación de sus piezas. Diseñada meticulosamente por el arquitecto italiano Luigi Romanelli, esta propuesta de autor busca alejarse de la frialdad mecánica de la producción en serie y realzar la autenticidad en cada detalle.
