Falaise re-interprets slate with a fresh take that goes beyond simple digital reproduction.

Characterised by both warm and cool neutral shades, the stone features tone-on-tone colour transitions that are softer and more delicate than the natural material from which it is inspired.

Rich in detail and with a striking three-dimensional effect, Falaise offers an extremely realistic rendering of the typical irregularities of natural stone.

Falaise reinterpreta le ardesie in una chiave inedita, che va oltre la semplice riproduzione digitale. Caratterizzata da toni neutri, sia caldi che freddi, la pietra si sviluppa con passaggi cromatici tono su tono, più morbidi e delicati rispetto al materiale naturale a cui si ispira. Ricca di dettagli e dal sorprendente effetto tridimensionale, Falaise ripropone le tipiche irregolarità della pietra naturale in modo estremamente realistico.

Falaise donne une nouvelle interprétation des ardoises, qui va au-delà de la simple reproduction numérique. Caractérisée par des tons neutres aussi bien chauds que froids, c'est une pierre conçue avec des passages de gradations chromatiques ton sur ton plus tendres et plus délicats que la matière naturelle dont elle s'inspire. Riche en détails et avec un effet tridimensionnel saisissant, Falaise réplique de manière prodigieusement réaliste les irrégularités typiques de la pierre naturelle.

Falaise liefert eine neuartige Interpretation von Schiefergestein, die über die digitale Reproduktion hinausgeht. Von neutralen warmen und kühlen Nuancen gekennzeichnet, weist die Steinoptik Ton in Ton gehaltene Farbverläufe auf, die weicher und sanfter daherkommen als bei der natürlichen Vorlage. Die mit einem großen Detailreichtum und einer überraschenden Tiefenoptik ausgestattete Oberfläche von Falaise gibt die typischen kleinen Unvollkommenheiten und Makel von Naturstein in äußerst realistischer Weise wieder.

Great expressive power with natural aesthetics and refinement

Falaise is a ceramic collection with a strong personality and great expressive power, ideal for anyone seeking surfaces that underscore their natural aesthetic with a refined contemporary appeal. Available in a variety of neutral shades, Falaise is outstandingly versatile, combining attractively with other looks to create tasteful, highly individual interiors. With its array of finishes and sizes, it can meet the needs of every project and provide continuity of appearance and performance in both residential and commercial contexts.

Falaise è una collezione ceramica dalla forte personalità e dalla grande forza espressiva, ideale per chi desidera superfici che uniscano estetica naturale e raffinatezza contemporanea. Disponibile in diverse tonalità neutre, Falaise si distingue per la sua versatilità e capacità di abbinarsi armoniosamente con altre estetiche, creando ambienti equilibrati e dal grande carattere. Le diverse finiture e i formati disponibili permettono di rispondere alle esigenze di ogni progetto, garantendo continuità estetica e funzionalità sia in spazi residenziali che commerciali.

Falaise est une collection céramique au tempérament fort et à l'expressivité remarquable, idéale pour ceux qui recherchent des surfaces alliant esthétique naturelle et élégance contemporaine. Déclinée en plusieurs nuances neutres, elle séduit par sa polyvalence et sa capacité à s'harmoniser avec d'autres styles, créant des espaces équilibrés et empreints de personnalité. Grâce à ses différentes finitions et formats, Falaise s'adapte aux exigences de chaque projet, garantissant une continuité esthétique et une fonctionnalité optimale, aussi bien dans les espaces résidentiels que commerciaux.

Falaise ist eine Fliesenkollektion mit starker Persönlichkeit und beeindruckender Ausdruckskraft, die ideale Keramik für Oberflächen, die natürliche Ästhetik und moderne Raffinesse vermitteln sollen. Dank der Verfügbarkeit in verschiedenen neutralen Farbtönen gelingt es Falaise, sich flexibel und harmonisch in andere ästhetische Kontexte zu integrieren, sodass ausgewogene und charakterstarke Räume entstehen können. Die verschiedenen Oberflächen und erhältlichen Formate erlauben die Erfüllung der Anforderungen jedes beliebigen Projekts; sie garantieren ästhetische Kontinuität und Funktionalität sowohl in Wohn- als auch in Gewerbebereichen.

3D TECH Focus On

With the 3D Tech technology a variety of ceramic materials can be applied, even in thick layers, in perfect alignment with the underlying graphic design created by extremely high definition digital printing. This revolutionary production process combines a tactile texture with the product's patterning to provide surfaces of stunning sensory value.

La tecnologia 3D Tech consente di applicare differenti materie ceramiche, anche a spessore, in perfetta corrispondenza con la grafica sottostante, realizzata in digitale ad altissima definizione. Un processo produttivo rivoluzionario, che combina la matericità con l'estetica del prodotto, fino ad ottenere superfici dallo straordinario valore sensoriale.

La technologie 3D Tech permet d'appliquer différents matériaux céramiques d'épaisseurs diversifiées, parfaitement alignés avec les graphismes sous-jacents, créés à l'aide de la technologie numérique très haute définition. Il s'agit d'un processus de production révolutionnaire alliant la matérialité et l'esthétique du produit, qui permet d'obtenir des surfaces d'une extraordinaire valeur sensorielle.

Mittels 3D Tech lässt sich unterschiedliches keramisches Material – auch in verschiedenen Stärken – perfekt auf das darunter liegende grafische Muster aufbringen, das mit hochauflösender Digitaltechnik hergestellt wird. Ein revolutionärer Fertigungsprozess, der Materialität und Optik des Produktes perfekt miteinander verbindet und zu Oberflächen mit außerordentlicher Haptik führt.

Mapei grouts with unique performances has been selected to match the Falaise surfaces and guarantee a superbly stylish result.

Fughe Mapei dalle prestazioni uniche, selezionate per abbinarsi alle superfici Falaise e garantire la massima resa estetica.

Due to the printing processes involved, the colours should be taken as merely indicative of the shades of the actual product. For an accurate colour representation, please refer to Mapei "Coloured Grouts" samples. Colours can be affected by the surface (where they are used) and the brightness of the environment. All Mapei grouts for ceramic tiles and stone material are in compliance with EN 13888 standards. Due to the printing processes involved, the colours should be taken as merely indicative of the shades of the actual product. Please refer to the real colour samples.

I colori esposti sono indicativi e possono variare per motivi di stampa. Per una corrispondenza più accurata dei colori, fare riferimento ai campioni "Fughe Colorate" Mapei. I colori possono essere influenzati dalla superficie accostata e dalla luminosità dell'ambiente. Tutte le fugature Mapei per ceramica e materiali lapidei sono conformi alla norma EN 13888. I colori esposti sono indicativi e possono variare per motivi di stampa. Per maggiore precisione riferirsi ai campioni reali.
