Ecco la nostra interpretazione su un grande classico come le “cementine idrauliche”. Abbiamo deciso di esplorare la gamma del bianco e del nero con la presenza di un unico colore intermedio per coordinarli. I “non colori” diventano protagonisti di una superficie segnata dallo scorrere del tempo in cui si intrecciano patterns dal linguaggio prevalentemente geometrico.

Here is our interpretation of a classic such as hydraulic cement tiles. We decided to explore the black and white range with the presence of a single intermediate color to coordinate them. The “non-colors” become protagonist of a surface marked by time with geometric patterns.

CEMENT TILES

20x20 cm - 8"x8"

3 tinte unite + 12 patterns
decorativi in gres porcellanato sia
da pavimento che da rivestimento.

3 plain tiles + 12 decorative
patterns in HD gres porcelain both for
floor and wall tiles.

PATCHWORK OF 12 PATTERNS

12 PATTERNS DECORATIVI

20x20 - 8"x8"

12 patterns decorativi 20x20 in gres porcellanato rettificato sia da pavimento che da rivestimento design by ORNAMENTA®, secondo i trend della moda e dell'Interior Design più attuali nella colorazione black&white. Tutti i moduli possono essere utilizzati "seamless", senza soluzione di continuità, oppure mixandoli per ottenere patchwork contemporanei. In GONE la materia porta i segni del tempo che è "passato", come fosse consumata per realizzare ambienti sofisticati ma informali dall'atmosfera calda e accogliente in abbinamento a materiali grezzi quali legno, acciaio e cemento e arredi d'epoca. Su una palette cromatica neutra, l'interior eclettico trova la sua giusta base, in un mix&match di ispirazioni.

12 DECORATIVE PATTERNS

20x20 cm - 8"x8"

Our "Gone" collection has been made by 12 20x20 black & white ornamental patterns on porcelain and rectified gres, both for wall & floor tiles, designed by Ornamenta, following the current fashion and interior design trends. Each pattern can be used seamlessly or mixed, to create modern patchworks. In "Gone" the tile shows signs of the time, as it were worn out. With a neutral colour palette, in mix&match, interior designers can find their correct base to achieve sophisticated and informal locations, with a warm and welcoming atmosphere; this base could be combined also with coarse material as wood, steel, cement and vintage furniture.
