RA DI KA

Emozionale,
espressivo,
cosmopolita,
4 declinazioni,
un unico stile.

Exciting, expressive, cosmopolitan
and 4 formats in a single style.

RA DI KA

4 metropoli: New York, Shangai, Milano, Cape Town; un viaggio immaginario tra forme, colori, materiali, geometrie che diventano accenti stilistici di un neo-nomadismo in continuo movimento, colto e cosmopolita. Un vagabondaggio creativo tra epoche e discipline, oriente e occidente, che genera nuove e inaspettate connessioni stilistiche.

4 cities: New York, Shanghai, Milan and Cape Town. An imaginary journey through forms, colours, materials and shapes that become the highlights of a cultivated and cosmopolitan Neonomadic style that is constantly on the move. A creative wander through different periods and cultures, East and West, generating new and unexpected style connections.

***Le superfici con finitura lappata lucida e levigata sono consigliate per qualsiasi tipo di rivestimento e per pavimenti residenziali o per superfici calpestabili che non hanno un diretto collegamento con l'esterno o che hanno accessi protetti da appositi stuoini. Come è noto tutte le superfici lucide subiscono con l'uso un naturale processo di opacizzazione.**

Nel caso dei materiali in gres porcellanato di LaFaenza, questo processo è più lento rispetto a qualsiasi altro materiale naturale lavorato a lucido come marmo, pietra, granito.
Surfaces with a honed and polished gloss finish are recommended for any kind of wall tile, residential floor or floors that are not directly connected with the outdoors or whose entrances are protected by mats. As is well known, all gloss surfaces naturally lose their shine over time. With LaFaenza porcelain stoneware this process is slower than other honed natural materials like marble, granite or stone.

CARATTERISTICHE DI VENDITA
SALES CHARACTERISTICS

 **Prodotto venduto al pezzo.**
Product sold per item

Tutti i nostri prodotti, sia al mq che al pezzo, sono venduti unicamente a scatola completa.
All our products are sold only in complete boxes, whether the unit of measure is per item or per square metre.
